Undergraduate
Program:

Dietetics

Program Review Committee Recommendations (Numbering corresponds to original numbering in PRC Report)	Responses to Recommendations (Describe changes or improvements.)
6. Review its advisement process periodically and document how the results of the evaluations are used to improve the process.	The advisement process has been reviewed and a new system for academic advisement has been developed. The new process is documented and students will evaluate their advisors once per year. Results will be reviewed and analyzed by the faculty.
8. Systematically document the improvements in teaching effectiveness that have resulted from the evaluations of instruction.	A system for systematically reviewing student evaluations has been developed. Student surveys are compiled and reviewed at the September faculty meeting. Areas of concern and any changes are documented.
